IC 13-14-9.5-1.1 NOTICE OF RULE REVIEW**
LSA Document #10-229

This is a notice of rule review as described in [IC 13-14-9.5-1.1](#). Certain rules described in [IC 13-14-9.5-1.1](#) do not expire after seven years. These types of rules are: (1) rules required to receive or maintain delegation, primacy, or approval for implementation or operation of a program established under federal law; and (2) rules required to begin or continue receiving federal funding for implementation or operation of a program.

The Indiana Department of Environmental Management (IDEM) is required to publish a list of these rules that have been effective for seven years and request comment, in a 30 day comment period, on any specific rule that should be reviewed through the regular rulemaking process under [IC 13-14-9](#). IDEM must also notice a public hearing before the appropriate board. IDEM will respond to all comments received during the comment period and provide the comments and responses to the board during the public hearing. The board, after considering the comments, responses, and testimony at the hearing, will direct IDEM on whether additional rulemaking actions must be started to address concerns raised to the board.
